## Ike Says Khrushchev To Have Wide Choice On Sightseeing Trip In U.S.; Has Suggestions

By JOHN M. HIGHTOWER  
The Associated Press

President Eisenhower said today that Soviet Premier Nikita Khrushchev is being invited to see some military installations during his visit to the United States if he wishes.

The Soviet leader will be given a wide range of choice on the kind of installations open to him, the President told a news conference. If he does not want to see any establishments, that's okay too.

Discussing the Khrushchev visit beginning in mid-September, Eisenhower said he intends to tell the Soviet leader that U.S. bases abroad are purely defensive and threaten no one.

### Eager To Show "K"

He also plans, Eisenhower said, to ask why Khrushchev does not permit progress in improvement of East-West relations which Eisenhower considers necessary for a summit conference.

Eisenhower said he is most anxious for Khrushchev to see the fine, small, modest homes in which Americans live, including those in such specific places as the Levittown housing development and the community around the Fairless steel plant in Pennsylvania.

Eisenhower said he would like to take Khrushchev on a flying trip around Washington, D.C., in his "chopper"—his helicopter—so Khrushchev could see the fine homes which have developed in the areas around Washington.

### Suggests Denison, Tex.

Khrushchev should also go into the great farming regions of this country and see farms that are run by individual free men, Eisenhower said. He added that he would like the Soviet Premier also to go into the little town where he was born—Denison, Tex.—and hear from the people there how Eisenhower worked in the early years of his life.

In response to a series of questions about the Khrushchev visit here next month and his visit to the U.S.S.R. later, Eisenhower also said:

1. He hopes his talks with Khrushchev will produce a better atmosphere between the Soviet Union and the Western powers. But he does not intend to engage in negotiation or act as a spokesman for the West.

### Won't Accompany Him

He also hopes that Khrushchev will get better information about the United States and that he will get better information about the Soviet Union on his trip there.

2. Eisenhower does not plan to accompany Khrushchev on his tour around the United States. They may visit Gettysburg or nearby Camp David, Md., together.

## "OPEN HOUSE" AT TOWN AND COUNTRY GAS

Open house will be held Thursday, Friday and Saturday from 10 a.m. to 6 p.m. at the new office and showroom of Town and Country Gas Service, along the Gettysburg-Biglerville Rd. The office is located in the former Boyd school, a long-time landmark in the area north of here.

Residents of the county and nearby area are being invited to attend and see some of the marvels that modern science has developed for use with gas.

Several prizes are being offered, including a 30-inch gas range.

### Gas Pioneers

James T. Hays Jr., manager of the Town and Country Gas Service branch at Gettysburg R. 3, represents the third generation in his family interested in the gas business.

The business which grew into Town and Country was started about 1918 by James T. Hays Sr., but the elder Hays' father, Thomas Hays, was inventor of the Hays gas generator, a carbide system widely used for lighting about the turn of the century and continuing into the early 1920's.

Thomas Hays manufactured his gas generator in Emmitsburg. Later his son went into the bottled gas business in Gettysburg about the time of World War I. This business operated for a long time under the name of J. T. Hays and Son, was later incorporated in 1946 in Taneytown where, as Town and Country, it built a bulk plant in the Carroll county community.

J. T. Hays Sr. operates the business in Taneytown. Hays Jr. is

## Ike Meets The Press Here For First Time

This overall view of this morning's news conference in the Hotel Gettysburg press room was taken while President Eisenhower conducted his weekly Wednesday morning conference with newsmen. Usually held at the White House, this morning's conference here was described as the first "full fledged press conference" the President ever has held outside of Washington. Among the 70 or more newsmen there was a reporter for The Gettysburg Times. Press Secretary James Hagerty is shown seated to the right of the President with an aide, Wayne Hawks. (AP Photo)

## MRS. JOHNSON TO RECEIVE MOOSE HONOR

Mrs. Ralph Johnson, E. Middle St., will be awarded the Star Recorder's Degree Monday at the International Convention of the Loyal Order of Moose and the Women of the Moose at Pittsburgh.

Announcement of the honor to be awarded Mrs. Johnson was made Tuesday evening at a meeting of the local Women of the Moose at the Moose Home, York St.

In addition to Mrs. Johnson, who will attend the international session Monday, other representatives of the local Women of the Moose at the Pittsburgh session will be Senior Regent Miss Martha Strassbaugh and Past Senior Regent Hilda Newman, who will represent the organization throughout the week at the convention.

### Officers Chapter Night

Twenty-five attended Tuesday's session at which Officers Chapter Night was observed. Each of the officers read a poem as part of the program. Miss Strassbaugh presided. Mary Shetter was initiated as a new member.

Awards made at the meeting were: Door prize, Mary Shetter; good of the chapter, Marie Keller, and chapter night, Gertie Stremmel.

Plans were made for a public card party at the Moose home August 19 and for a tea to be held Sunday afternoon, August 30 from 4 to 5 at the Moose Home for Miss Virginia Redding, a student nurse to be sponsored by the local group this fall.

Refreshments were served following the meeting.

## ANTIQUE SHOW OPENS FRIDAY

The Gettysburg Junior Chamber of Commerce today announced it will hold its seventh annual Antique Show Friday, Saturday and Sunday in the former McCauslin Garage on York St.

The show had originally been scheduled for the press room at the Hotel Gettysburg but had to be moved because of the use of the room by the White House reporters.

Large banners were placed across the streets leading into Lincoln Square Tuesday afternoon by Donald Becker and Magnus Flaws.

## President Holds His First Gettysburg News Conference This Morning At 10 At Hotel

President Eisenhower conducted his first Gettysburg press conference for 32 minutes this morning in the Hotel Gettysburg pressroom.

Walking to the pressroom from his Hotel Gettysburg office, the President found his car waiting for him afterwards in front of the pressroom door but after pausing briefly there he walked again to the hotel and his second floor offices.

Wearing a gray suit and gray and blue tie, the President greeted the newsmen and women with a smile and the statement that he had no announcements and was ready for questions. He stood throughout the conference answering questions from the approximately 80 newsmen and women as rapidly as they were put to him.

### Wide Range Of Topics

The first question was from John Hightower of the Associated Press about what Mr. Eisenhower hoped to accomplish in the visits with Khrushchev here and in Russia and from there the questions ranged to the steel strike, the 1960 campaign, the U. S. foreign policy and a few other topics but most questions had to do with one phase or another of the approaching Khrushchev visit.

Sometimes three and four newsmen were on their feet at once with questions. The one the President recognized put his questions and the other sat down to await another opportunity.

Back of the newsmen and women seated in seven rows of chairs in the eastern section of the big room that once served as a basketball floor, were a dozen radio, television and news cameras. Cameras clicked and whirled throughout the questioning and floodlights centered on the green-covered table back of which the President stood. Ventilation fans were turned off and it grew warm.

The newsmen stood as the President came into the room accompanied by Secret Service men and with applause echoing from the street where hundreds had cheered and waved as the President came there from his hotel offices.

### Accompanied By Scharf

Walking beside him were Henry M. Scharf, manager of the hotel, and Press Secretary James Hagerty. Other aides and Secret Service men followed.

Hagerty remained seated to the President's left during the conference but took no part in it. Customarily a half-hour affair, the conference started at 9:58 a.m. and ended promptly at 10:30 o'clock when another AP reporter asked a final question about the type of military bases Khrushchev might be invited to see and then there was a quick "Thank you, Mr. President" and the dash for typewriters and telephones was on.

The President walked leisurely to the door, chatting with several newsmen and others before the crowd of hundreds in front of the pressroom and across the street broke into cheers and applause as he came out of the doors.

### Had Advance Notice

Morning news broadcasts had told of the President's plans to hold the news conference and local folk and tourists alike jammed the pavements along Carlisle St. Chief of Police Jack Bartlett was in charge of traffic in the choked area.

The newsmen started to gather a full half hour before the President reached the conference room. The first two rows of seats had marked reservations for news servicemen and reporters.

## NEW HISTORIAN MAKING VISIT TO OLD WORLD

John H. Knickerbocker, historian at Gettysburg College for many years and recently appointed historian for the institution, will leave Saturday for a European tour.

He plans to spend a week in New York with relatives then sail for England on the Queen Elizabeth August 26. He will tour libraries in England and Scotland during September and October.

In November he will visit Friesland, in the Netherlands, from which his ancestors came in the early seventeenth century to then New Amsterdam, now New York and Fort Orange, now Albany, New York. Friesland was the first country to recognize the independence of the American Colonies and the first to make a loan to assist the Colonies.

On Thanksgiving Day, Knickerbocker will visit Delft, Holland, from which the Pilgrims set sail for America. He will also visit the port of Amsterdam from which Hudson sailed in 1609 to discover and explore the Hudson River 350 years ago, and will visit the cottage in Holland where Peter the Great of Russia studied to try to improve Russia.

In December he will visit Paris, Zurich and Rome, planning to be in Rome on Christmas Day. December 30 he will sail from Naples on the U. S. Constitution for a cruise that will stop January 1 at Genoa, Columbus' birthplace, and then at Cannes, Barcelona, Algiers, Spain, Casablanca and Madeira. He will arrive back in New York January 11.

Knickerbocker will resume his post as college historian February 1.

## TWO TREATED AT HOSPITAL

Two children were treated at the Warner Hospital for injuries sustained Tuesday.

Robert Little, 9, son of Mr. and Mrs. Clyde Little, Gettysburg R. 5, was treated for lacerations of the scalp received when he ran into a parked car while riding his bicycle.

Paulette Osborn, 14-month-old daughter of Mr. and Mrs. Paul Osborn, Aspers, was treated for a fracture of the right shoulder sustained when she fell on steps at her home.

## Numismatic Group Has Picnic, Auction

One hundred and three lots of coins were auctioned Tuesday evening at a picnic-meeting of the Gettysburg Numismatic society at the former CCC campsite along W. Confederate Ave. Forty members and guests attended.

There was a covered dish supper and refreshments were served by the society. President Clarence Bittiger presided at a brief business meeting before the auction. Past President E. Ward Russell conducted the auction. Bidding was spirited and many of the coins brought full book value.

## POLICE CHASE CAR 100 MPH UNTIL CRASH; 13 VIOLATIONS

A chase of 90 miles per hour through the borough of Gettysburg and 100 miles per hour on the Taneytown Rd. early this morning led to an auto accident in Harney and the listing of 13 charges against the driver of the pursued auto.

State Policemen Robert N. Baker and Raymond B. Levinski were out on the regular midnight patrol at 12:30 o'clock this morning.

As they neared Gettysburg on the Lincoln Highway they decided to make a routine check of a car ahead. When they signaled the driver to stop, the car, instead of halting, started to speed ahead.

### 90 MPH In Town

Officers Baker and Levinski gave chase.

The chase went west on York St. south on Stratton, onto Middle, through traffic lights, through stop signs, at 90 miles an hour on Carlisle St., onto Washington St. and eventually onto the Taneytown Rd. State police said at one spot in Gettysburg the fleeing vehicle was traveling at 90 miles an hour. They added that when the fleeing car hit a bump in town the trunk lid flew open and the spare tire and other articles in the trunk of the fleeing car flew out onto the street.

### Fled Into Corn Field

On the way to Harney the 100 miles per hour speed was reached, police said.

At Harney, they added, the driver failed to negotiate a curve and the car went into a private drive and rolled over.

The driver leaped from the smashed auto and fled into a corn field.

State police stopped and assisted a passenger in the car, Charles L. Reed, to get out of the demolished vehicle.

### 13 Charges "Or More"

Police, who identified the driver as Herbert Motter, 22, 509 Prince St., Littlestown, said they did not chase the fugitive into the corn field.

The car, they said, was owned by E. Lorraine Miller, 415 South St., McSherrytown.

Police said they are bringing 13 charges against Motter; failing to stop for a red light, two charges of failing to stop at stop signs; four charges of operating the wrong way on one-way streets; speeding at 90 miles an hour in Gettysburg; speeding at 100 miles per hour on the Harney Rd.; failing to stop at the signal of an officer; failing to drive to the right side of the highway, failing to yield one-half the highway to oncoming traffic and reckless driving.

They also said they plan to continue their investigation and may bring further charges.

## MRS. ROUTSONG DIES TUESDAY

Mrs. Anna Alberta Routson, 85, wife of Jonas Routson, died Tuesday night at 8:15 o'clock at her home in Bendersville of complications.

A daughter of the late Jacob and Rosanna (Haverstock) Rafensperger, she was a member of the Bethlehem Lutheran Church, Bendersville. She and her husband marked their 59th wedding anniversary February 6.

Survivors in addition to her husband are two children, Claire Routson, Gettysburg, and Mrs. Caroline Bucher, Aspers; four grandchildren; seven great-grandchildren and three brothers and sisters: Mrs. Sarah E. Krout, Narberth; James R. Rafensperger, Collinswood, N. J., and Mrs. Lottie Smith, Washington, D. C.

Funeral services Friday afternoon at 2 o'clock in the Dugan Funeral Home, Bendersville, will be officiating. Interment in the Bendersville Cemetery. Friends may call at the funeral home in Bendersville Thursday evening from 7 to 9 o'clock.

## Special Masses Set For Saturday

Saturday will be a holy day of obligation for Catholics, with special Masses scheduled in the Catholic churches of the county. At St. Francis Xavier Catholic Church here the Masses Saturday will be at 6:30, 7:30 and 9 o'clock Saturday morning and 7 o'clock that evening.

The day marks the Feast of the Assumption of the Blessed Virgin Mary into heaven.

The Adams County Commissioners today signed a 90-day option to permit Morton Kalus, Baltimore, to purchase either part or all of the 31-acre tract of Adams County farm land extending along the Biglerville Rd. from Howard Ave. on the battlefield to the Table Rock Rd., then along land of Wilbur "Redding to Barlow's Knoll, and then along the avenue back to the Biglerville Rd.

The option calls for payment of \$100,000 for the entire 31 acres, or payment of \$68,000 for an approximately 14-acre strip which would embrace the north half of the larger tract.

Kalus gave a check for \$200 for the option and must make up his mind within 90 days whether he wishes to purchase either the entire tract or the partial tract.

### Subject To Court Okay

The smaller parcel extends for 650 feet from the battlefield avenue north along the Biglerville Rd. The entire tract has about 1,500 feet frontage along the Biglerville Rd.

The commissioners said today they have not received any word as to Kalus' plans for the land if approval is given by the Adams County court to his purchase and if he elects to buy. The check tendered by Kalus lists also the Kalus Construction Co. and Champion Construction Co.

The agreement notes that Kalus is aware that, if he elects to buy the land, the matter must be approved by the county court. If he elects to take either option he is to forward a check for 10 per cent of the amount within the 90-day period. The county then agrees to prepare petitions to the court within 30 days to ask court approval for the sale.

### Open To Business

If the court gives its approval for the sale, settlement will be made and the land deeded to Kalus within 60 days after the court decision.

According to the option signed by the commissioners and Kalus, the commissioners "warrant there is no zoning ordinance in Cumberland Twp. and the land can be used commercially."

Other business of the commissioners at their meeting this morning at the court house included the appointment of Mrs. Geraldine W. Dougherty, 209 N. Stratton St., Democrat, and Curtis Groft, McSherrytown, Republican as the traveling registrars who will visit various places in the county, starting next week, to register persons who wish to vote in the November election.

### Name Alternate

Mrs. Annie Gilbert, 209 Carlisle St., was named as the Republican alternate. The Democratic alternate for the traveling registrar will be named within a few days. The commissioners reported

## WOMAN FROM GARDNERS R. D. FACES CHARGES

A Gardners R. 2 housewife was accused by her neighbor Tuesday of practicing sorcery in testimony during an assault and battery hearing in Cumberland Sentence Court, at Carlisle.

Mrs. Gretta Fitzgerald told the court that she was struck and knocked to the ground by Mrs. George Bream during a June 23 backyard altercation.

Mrs. Fitzgerald became highly excited during the testimony and said she disliked Mrs. Bream because she was "a trouble maker and sorceress." She demanded payment from Mrs. Bream of a \$3 doctor bill and a \$5 dentist bill which she said were incurred as a result of the skirmish.

### Denies Accusation

Mrs. Bream, who remained relatively calm throughout the testimony, denied knocking her neighbor to the ground. She said Mrs. Fitzgerald slipped and she then reached down and slapped her face. She said Mrs. Fitzgerald had used vile language and called her names.

Witness Russell L. Sloop testified that Mrs. Bream struck Mrs. Fitzgerald three times with her fist.

Judge Robert Lee Jacobs did not pursue the sorcery charge and asked Mrs. Bream if she would agree to pay the \$8 medical bill.

Mrs. Fitzgerald then demanded at least \$50 for loss of time and the medical bills. The judge informed her that she would have to go into civil court for this, so she dropped the bid to \$25 and finally agreed to take the \$8.

### GRANT FIRST LICENSE

The Federal Communications Commission has granted a citizens' radio license to Richard C. Groft, R. 5. It is the first grant made to a local citizen.

## STRIKE GOES ON, MCDONALD TAKING TOUR

NEW YORK (AP) — The steel strike negotiations are "mostly a lawyers' job" in their current phase, says the nation's top mediator.

That's the appraisal given to newsmen by Joseph F. Finnegan, director of the Federal Mediation and Conciliation Service, as the nationwide strike of half a million workers went into its fifth week.

Finnegan is sitting in on contract talks between representatives of the industry and the United Steelworkers Union of America. The talks continued today.

### No Money Talk

Finnegan said Tuesday that no attempt has yet been made to grapple with money issues. The negotiators are still considering contract language, he said.

Commenting on Union President David J. McDonald's absence from the negotiations Monday and Tuesday, Finnegan said: "Right now it's mostly a lawyers' job — apparently that's the way Dave feels about it, and that's all right."

McDonald stepped out of the negotiations temporarily after last Friday's session, and is now touring strike centers. He complained that the industry's negotiators were not of high enough ranks.

Finnegan told newsmen he had received no suggestion from the Eisenhower administration that there should be increased efforts to settle the strike before Soviet Premier Nikita Khrushchev arrives in the United States next month.

There has been speculation that President Eisenhower might intervene to end the strike before Khrushchev's visit, so the Soviet leader would not have a chance to make political capital of the situation.

## ANTIQUE SHOW

Jr., of the Jaycees.

### State President Coming

Today, and Thursday, members of the Jaycees will be at the McCauslin garage preparing it for use by the more than 20 antique dealers who plan to participate in the show. A majority of the dealers are the same ones who participated in last year's exhibition. The Jaycees will hold their regular meeting at the show site Thursday evening.

Ross Crouse, president of the Junior Chamber and chairman of the Antique Show committee, said the move will permit wider aisles and more space for the exhibitors.

The show will be open from 9:30 o'clock each morning until 10 o'clock at night during the three-day period.

Harry Light, Philadelphia, state president of the Junior Chamber of Commerce, and Mrs. Light, will visit the show on Sunday, Chairman Crouse said.

## Electronic Issues Resume Recovery

NEW YORK (AP) — Electronics and other speculative issues resumed their recovery in a moderately higher stock market early this afternoon. Trading was moderately active.

The "wonder stocks" advanced as much as 4 points or so while the slower-moving pivots gained from fractions to about a point.

An assortment of small losers also appeared among key issues. The market was higher at the opening then slid into irregularity for a while. Renewed buying interest pepped up prices and gave the list a fair gain by mid-session.

Brokers said the market still seemed to be in a consolidation phase after Monday's sharp break. Meanwhile, business news and economic forecasts were bright.

## Last Civil War Vet Is Critical

HOUSTON, Tex. (AP) — Walter Williams, 116-year-old sole survivor of the Civil War armies, remained in critical condition today from effects of pneumonia.

The nation's oldest veteran, who served as a forage master with Hood's Texas Brigade in the Confederate Army, was fed through an eye-dropper Tuesday night. Earlier, his daughter, Willie Mae Bowles, said the old soldier "refuses to eat, refuses to speak, refuses to do anything."

### MISSILE FIRED

CAPE CANAVERAL, Fla. (AP) — The Air Force's new super Bomarc-B antiaircraft missile bolted skyward today on a short-range test flight.

This was only the third test for the 47-foot rocket and the Air Force said it was not set to fly its full 400-mile range over the Atlantic.

WASHINGTON (AP) — Vice President Richard M. Nixon is convinced that, come what may, Gov. Nelson A. Rockefeller intends to battle him for the 1960 Republican presidential nomination.

The New York governor has indicated he will make a decision by November. If private polls then show Nixon trailing leading Democrats in popularity and Rockefeller feels his reputed appeal to independent voters would make him a stronger GOP nominee, he will take the plunge.

TEHRAN, Iran (AP) — Ex-Premier Mohammed Mossadegh has just recovered from a serious illness, a member of his family said today. Mossadegh, who is between 82 and 88, was overthrown in 1953. He has since kept out of politics and refused to receive newsmen.

FINAL SESSION  
HELD BY CLUB

The final meeting of the season of the Littlestown Tasty Snack 4-H Club was held Monday afternoon in Grace Lutheran Church parish hall, Two Taverns. Gloria Bowers, vice president, presided and heard the report of Anna Mayers, secretary. Joanne Beamer reported on proceedings at the county 4-H day camp held recently at Caledonia State Park; report from Virginia Dietrich on the 4-H senate.

Miss Ruth Ann Finley, assistant home economics extension representative in the county, spoke about the 4-H Roundup to be held on Friday, August 21, at the York Springs School. Each member attending should take a tray, complete with snacks, silver, dishes and napkin, for serving. Sally Brown, club president, is now attending the 4-H Club Week program at Pennsylvania State University.

Shirley, Larry and Dale Bair, children of Mr. and Mrs. Theron Bair, near town, are representing the Baby Beef Club at 4-H Club Week at Penn State; representing the dairy club for the week is David Slusser, son of Mr. and Mrs. Charles Slusser, near town.

**Men On Outing**  
A corn bake and weiner roast were enjoyed at an outdoor meeting of the Men's Brotherhood of St. John's Lutheran Church on Monday evening at the church grove. The picnic meal was arranged by Edgar E. Yealy, Edgar A. Wolfe and Ralph Wanz. Entertainment, including horseshoe pitching and outdoor games, was in charge of George Trump and U. Ray Study. A brief business meeting was conducted by Ronald W. Streivig, president. It was decided that the project of painting the church grove buildings, has been completed by the Brotherhood. The next regular meeting will be held Monday, September 14, 8 p.m. at the church, when these committees will serve: Program, Glenn E. Unger and Ralph Wanz; refreshments, Ray Study, Ronald Streivig and Noah

(Continued From Page 1)

er but so far that is only a possibility.

3. His decision to invite Khrushchev to the United States and to go to the Soviet Union is not by any means a reversal of the policies of the late Secretary of State John Foster Dulles.

## Wants To See People

He often talked with Dulles about such visits, and as long ago as the last months of 1958 they began to feel that their diplomacy should be reinforced by something new in this respect.

4. On his trip to the U.S.S.R. Eisenhower would like to see people and find out what they are like. He said that as a state visitor he will be surrounded by great crowds all the time and will not be able to see many sights such as buildings, but he will have a chance to get acquainted with people and that is his main interest.

This was the first time the President ever has held a full-scale news conference outside Washington. The setting was in a gymnasium at the Hotel Gettysburg. The gym was converted into a press room at the time Eisenhower was here recuperating from his 1955 heart attack.

## Set A Precedent

There have been a few previous sessions with newsmen outside of the capital, but they have been mainly one-shot affairs for discussion of some particular subject.

The rules were the same as for a Washington conference—with reporters largely guiding the discussion by questions of their own choice.

In contrast with the attendance of 200 or more which usually turns out in Washington, something like 60 or 70 newsmen and photographers were on hand here. In view of his upcoming trip to Europe and the exchange of visits with Khrushchev, the main thread of the conference was foreign affairs and foreign policy.

## No "Family Dynasty"

But on other subjects, the President had this to say:

**POLITICS**—Eisenhower decried anything that might have the appearance of establishing a political dynasty in the United States as the worst thing that could happen to a political party. That was in response to a question as to whether he would consider his younger brother, Dr. Milton Eisenhower, president of the Johns Hopkins University in Baltimore, excellent material for the Republican vice presidential nomination.

Eisenhower refrained from expressing any personal preference for a GOP presidential nominee from among nine or ten persons he has said might be qualified.

If the right kind of nominee is picked, he said, he will do all he can to assure his election by pitching into the 1960 campaign. The President said he does not regard his role in the selection of a nominee as that of exercising veto power over someone who might not be satisfactory to him in terms of foreign and domestic policy.

**STEEL**—Eisenhower said he has not changed in the slightest his attitude that the federal government should not intervene in the steel strike, four weeks old today. He said he has noted some suggestions in print that the strike would have to be settled before

Rotary Anns will spend Thursday evening at Allenberry, near Boiling Springs. Dinner will be served at 6:30 p.m. after which they will attend the production "Girl Crazy."

The consistory of St. James' United Church of Christ, along the Harney Rd., reported that many windows of the church were recently broken by a culprit throwing green apples. Damage has been estimated at approximately \$700. The case is being investigated by the state police.

DURELLE AND  
MOORE GO FOR  
TITLE TONIGHT

**Associated Press Sports Writer**  
MONTREAL (AP)—Light Heavyweight Champion Archie Moore and challenger Yvon Durelle of Canada clash tonight at the Forum in a return title bout scheduled for 15 rounds that probably won't go more than 10.

"It won't go as long as the first one," said Durelle, the Canadian and British Empire champion. "He goes down or I go down. And I won't be hard to find. I'm coming right after him. If I get him on the floor first again, I'm going to give it all I've got. This time it's do or die."

## Odds On Moore

The 29-year-old fighting fisherman from Baie Ste. Anne, N.B., realizes he blew the opportunity of a lifetime in his losing fight with Moore last Dec. 10. Yvon had the old gladiator down three times in the first round and once in the fifth before he was stowed away in the 11th round himself.

"He won't if I can help it," said Moore, the 42-year-old champion from San Diego. "I got hit by a sucker punch (a right hand lead to the jaw in the first round) and it's not going to happen again. He's tough and strong and I know what I have to face."

The odds favor Moore at 3-1. The bout will be telecast over the ABC network in the United States, starting at 9 p.m. (EST). It will not be telecast in Canada. There will be a radio broadcast to Canada's maritime provinces.

AP EDITORS  
TALK OF NEWS

SEATTLE, Wash. (AP)—Editors called today for "people to people" news reporting to help spread a mutual understanding around the world.

Telling the problems and hopes of foreign peoples will do more, they said, than "government to government" reporting emphasizing only policy decisions of major powers.

The need for such reporting was outlined to The Associated Press Managing Editors Assn. here by a committee headed by Robert C. Notson of the Portland Oregonian, which studied foreign news develop-

Khrushchev's visit to the United States next month. He said we need Khrushchev to see this as a freedom-loving place, to see that people are free to strike.

Eisenhower did say, however, that democracy is strongest when there is cooperation among groups rather than strikes.

**CONGRESS**—A reporter said Congress is getting ready to go home and asked what priorities Eisenhower has in mind for legislation to be enacted before adjournment.

The President listed an adjustment in the law limiting the interest rate on government bonds, what he termed a reasonable labor bill to stop secondary boycotting and blackmail picketing, action to finance a continuation of the federal interstate highway program on a pay-as-you-go basis and finally a sound civil rights bill.

Then the President added that this wasn't an all-inclusive list.

**Integration Stand**

TALLAHASSEE, Fla. (AP)—Gov. LeRoy Collins has rejected a plea that he use his executive powers to block integration of a Florida school this fall.

The governor told Dewey Johnson, state Senate president and ardent segregationist, that the problem is one for county school boards under the pupil assignment law.

Some 250 editors and guests attended the opening of the four-day convention of news executives.

ments in the past year. "This committee is acutely aware that we live in a shriveling world, and an integrated one," Notson's report said. It added that today's newspaper readers "want to know what other people are thinking. They want to know what kind of persons are dealing with us."

## Steel Strike

## At A Glance

**By THE ASSOCIATED PRESS**  
Idle—some 500,000 striking United Steelworkers and about 107,000 workers in allied industries. Strike 29 days old today.

Negotiations—Joint industry-union talks with federal mediators continue in New York. Union President David J. McDonald still refuses to attend talks, calling them pointless.

Losses—Industry loses some 300 million dollars worth of business a week; strikers lose nearly 70 million dollars in wages weekly.

Issues—Union seeks a 15-cent-an-hour wage boost and fringe benefits. Industry rejects demands on ground increased labor costs would hike steel prices and cause inflation.

## Rare Outside Of D. C.

The Associated Press said the news conference here today was the first "full fledged" news conference the President ever has held outside of Washington. White House aides recalled that under special circumstances the President did hold news conferences at Augusta, Ga., when he announced the resignation of the late Secretary of State Dulles; at Key West and at San Francisco.

Usually about 200 attend in Washington. Less than half that number were on hand this morning.

The President spent about 40 minutes in his office in the Hotel Gettysburg prior to the press conference. Following the conference, he returned to his temporary office for another 45 minutes before returning to his farm.

## Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times  
TWENTY-FIVE YEARS AGO

Town's Business Transacted  
Amid New Furnishings: Council held its August meeting in the remodeled and renovated council chamber on the second floor of the fire engine house Monday evening.

The seven councilmen sat down for the first time around a new mahogany table 114 inches long and 44 inches wide, constructed by H. T. Stauffer, Baltimore street, and replacing a table constructed from an old Baby grand piano.

All of the chairs and smaller tables in the council room were refinished and recovered with pliable red leather by Charles Ecker, Stevens street.

For the convenience of reporters, two small tables were placed near the secretary.

The interior of the council room was re-papered by Harry C. Gilbert, Chambersburg street, and the rug on the floor was given a thorough cleaning by John Sadler, janitor at the engine house.

Plans Extensive System Of Lights At Christmas: Gettysburg merchants, townspeople and December visitors will be the recipients of a Christmas present if the plan of Councilman C. W. Epley is approved by the town council.

Mr. Epley has under consideration, and he proposes to again lay his plans before town council at its next meeting, a proposal to purchase Christmas street decorations such as have never been seen her before.

The plan calls for the purchase of 60 strings of electric lights, green and red bulbs, to be extended across the four main streets of town from the Meade school building to the square on Chambersburg Street; from Stevens street to the square, on Carlisle street; from the Lincoln school building to the square on York street and from the Battlefield hotel to the square on Baltimore street.

The entire cost of this elaborate street lighting decoration system will be borne by the town council and presented to the merchants and townspeople as a Christmas gift, Mr. Epley proposes.

Council Elects C. W. Culp Jr., Charles W. Culp Jr., Steinwehr avenue, was elected third police officer of Gettysburg from among 16 applicants on the fourth ballot at the regular August meeting of council Monday evening.

To Spread Fame Of Gettysburg In U. S. Booklet: Across the length and breadth of these United States and fame and historic significance of the Gettysburg battlefield will be heralded in the very near future by the distribution of more than 100,000 booklets.

This will be the contribution of the National Park Service, United States department of the interior, in the nation-wide campaign to attract more visitors to the many national parks in this country.

The Gettysburg battlefield, oldest, largest and most famous from the history viewpoint will be portrayed by story, photographs and maps in a manner "befitting the dignity of this famous Civil War shrine," according to a spokesman in the National Park Service.

The booklet will be six inches wide and nine inches deep and will contain eight or more pages. The illustration on the front cover will be that of the Lincoln address memorial located in the National Cemetery.

Rev. S. W. Aungst Named St. James Church Pastor: The Rev. Spencer W. Aungst, 30, pastor of the Lutheran church at Williamstown, Pa. for the last five years was elected pastor of St. James Lutheran church here at a congregational meeting held Sunday morning after worship services.

40 And 8 Float In Erie Parade: The Gettysburg Forty-and-Eight Society this morning sent its locomotive and box car to Erie.

## Today's Talk

### NATURE BLENDS ITSELF

I look out into a small forest. There are some two dozen varieties of leaves, evergreens, birch, maple, chestnut, and great towering hemlocks. The Sun's rays touch all about these glorious trees, but there is no confusion. It's a picture of beauty with all blending to a perfect design. Nature blends itself, out of its rich substance.

Being a friend to Nature is to get a seat next to God who created all this beauty and miracle of the wild. There are great hemlocks that reach high to get close to the blue sky, and to join in the whispers of the winds. Clouds seem to wave a goodwill toward these towering creations. They calm one's spirit, and give rest to troubled minds and hearts. There is no ugliness to things in Nature. All is beautiful to the lover of these blended colors with shadows communing with one another.

Birds fly about these children of the earth and sing their songs at break of dawn, often far into the night. Peace and Godwill hover about the thick masses of trees that will long outrun our own brief journey upon this earth. And all over the world are to be noted the sweet, untroubled songs of birds, friends of ours. They know nothing about this world's worries. They sing out their joy and fly high to get out of harm's pathway. They know this earth far better than we do.

Wars, and rumors of wars are tested by these feathered friends of ours, and still they sing out their happiness, not knowing the brutality of man. When it is darkest they sing their sweetest! Let us get beauty and comfort from their understanding ways of life!

Tomorrow Mr. Adams will talk on the subject: "Your Life Tune" Protected, 1959, by The George Matthews Adams Service

### LIFE'S BEFORE AND AFTER

The hill looked big a mile ahead; I thought I'd never reach the top.

A dozen times or more I said unto myself: "You'd better stop; You'll never, never make the grade. It's more than you can do, you'll find."

But when at last the climb I made, The hill looked small a mile behind.

The road seemed long when I set out; I thought I'd never reach the end.

And I confess it was with doubt I looked upon each turn and bend. But looking back when I had passed From end to end with steady gait, What had appeared at first so vast

A distance didn't seem so great. My troubles looming up before Seemed insurmountable to me, And no way out, on sea or shore, Of hopeless ruin could I see. But still I kept upon my way And one by one I waded through them.

And looking back on them today, It seems that there was nothing to them. Protected, 1959, by The George Matthews Adams Service

## HAVE "PRIME SUSPECT" IN 3 MURDERS

ISLIP, N.Y. (AP) — A husky, crew-cut construction worker was in jail on a robbery charge today, but authorities apparently have been unable to connect him with three recent murders on Long Island.

He was, however, the "prime suspect at the moment," Suffolk County Dist. Atty. John P. Cohan said Tuesday.

The man, Francis H. Bloeth, 27, an ex-convict lives in a two-room attic apartment near here with his wife and baby daughter.

### No Gun Found

Cohan said Bloeth was picked up Monday night on a tip from a former burglar who said he had sold Bloeth a .32-caliber revolver in June and a .32-caliber automatic later. Police say the first two murders were committed with a .32-caliber revolver and the third with a .32-caliber automatic.

Bloeth's home and car were searched, but police say no gun was found.

The three slayings, which took place in the first eight days of this month in a 30-mile area on this eastern section of Long Island, netted less than \$400. Two men and a woman were killed in three separate robberies.

## Pioneer Sports Car Builder Dies

MIAMI, Fla. (AP)—Charles E. Stutz, 76, builder of a pioneer American sports car, died Monday of cancer.

The Stutz Motor Car Co. manufactured a variety of automobiles but its top-drawer model was the Stutz Bearcat, still hallowed in memory by sports car enthusiasts.

Charles and a cousin, the late Harry Stutz, founded the firm in 1909 at Indianapolis. Harry was administrator and Charles, by then already a well-known race driver, built the cars and raced them widely.

Stutz came to Miami in 1940 after the auto firm stopped production.

## Ford To Close For Changeovers

DETROIT (AP) — Ford Motor Co. announced Tuesday its assembly lines will shut down for two to three weeks for 1960 model changeovers. In some poor years in the past, shutdowns have extended six weeks or longer.

The Ford division plant at Chester, Pa., will go down Aug. 25, the company announced.

All plants will be closed before mid-September, the announcement said.

Ford said most of its 120,000 hourly employees will continue work during the assembly shutdown.

## MINE DISASTER PROPOSALS GET COMMITTEE OK

HARRISBURG (AP) — Recommendations of the special legislative committee which investigated the Jan. 22 Knox mine disaster in Luzerne county have been adopted by the House Mines Committee.

The committee reported out the package of bills Tuesday. They could come to a vote next week.

The special House-Senate committee made the recommendations to prevent a recurrence of the tragedy in which 12 miners died.

The legislation would: Require that a safety zone be established at least 200 feet from the bank of a river, stream or other body of water.

Prohibit mining near bodies of water unless authorized by the Mines Department.

Require at least 35 feet of rock cover before such mining could be permitted by the department.

Require mine operators to furnish state mine inspectors with complete information about the progress of workings since the

## NOSE CONE IS PRETTY SLOW AS MAILMAN

CAPE CANAVERAL, Fla. (AP) — A Thor-Able rocket carried two letters 5,000 miles in half an hour last May. But it was 2½ months before they were delivered.

This is the story, as disclosed by the Air Force Missile Test Center Monday.

The Thor-Able hurled its nose cone 15,000 miles an hour to an Atlantic target off Ascension Island on May 21. The cone contained letters addressed to Maj. Gen. Donald N. Yates, commander of the test center, and Col. Henry F. Warden, deputy commander for tests.

A recovery ship plucked the cone from the ocean and brought it to Cape Canaveral. The letters were not found, however, and officials thought they may have

burned up in the intense re-entry heat encountered by the cone.

A train carried the cone to Philadelphia for study. Two weeks later technicians there found the letters crammed among the many telemetry instruments in the front of the cone.

The undamaged mail was flown back to the test center and placed on the desk of Lt. Col. Thomas W. Morgan, Thor project officer, who sent them in the first place. Morgan was on temporary duty at another station and it was almost two months before he discovered the letters and delivered them to Yates and Warden.

GENE FREESE  
HELPS BEAT  
PITTSBURGH

PHILADELPHIA (AP) — This goes back a few years but maybe you recall when the Pittsburgh Pirates brought up a kid rookie named Gene Freese.

Sure, you saw his name in the lineup occasionally. But somewhere along the way he got lost in the shuffle and the Pirates traded him off to St. Louis shortly after the 1958 season opened. The Cardinals later dealt Freese off to Philadelphia.

Freese never really got a chance to play regularly nor hit his peak. Even at the start of the season with the Phillies he was being used only as a pinchhitter. Then the Phillies traded off Grady Hamner and Willie Jones and Freese found himself holding down the third base job permanently.

**Homer And Single**  
Thus far he has established himself as one of the few long ball sluggers on the weak-hitting Philadelphia club. And maybe he's beginning to reach his peak as a hitter.

Freese banged out a homer and a single Tuesday night to hoist the Phillies to a 6-4 victory over the Pirates. Freese, who leads the club in homers and is hitting .285, belted No. 16 far over the left field roof in the sixth to give the Phillies a 4-3 lead. He singled in the Phillies' fifth run in the eighth.

"I caught a fast ball right where I wanted it on the homer," Freese said after the game. "Sure I'm real happy about beating my old team. I like to rib them."

**Skinner Tied It**  
The Phillies jumped off to a 3-lead but Bob Skinner tied it in the fifth with a home run (11) over the right field wall.

The Pirates added their final run in the ninth off winner Don Cardwell (6-7) when Don Hoak doubled, went to third on an error and scored on sacrifice fly. Bill Virdon, who had tripled and scored a Pirate run in the third, followed with a double. But reliever Dick Farrell came on to end the game by striking out pinchhitter Dick Stuart.

**Error Paved Way**  
Actually it was Dick Groat's error that paved the way for the final two Philadelphia runs in the eighth that were unearned. George Anderson opened the inning with a single. After Ed Bouchee struck out, Wally Post hit a sharp grounder to Groat that appeared to be a double play. Groat bobbled the ball and all hands were safe. Freese then followed with his single, scoring Anderson and Sending Post to third. Post came across on an outfield fly.

Bob Friend, who pitched six innings before being yanked for a pinchhitter, suffered his 15th loss against only four wins. Roy Face finished up.

Harry Anderson of the Phillies belted a two-run homer (13) in the fourth with one on.

## Big League

The VFW gained the right to play in the final game of the Big League playoffs as they defeated the Towne Restaurant 8-0 behind the excellent one-hit shutout pitching of Ron Asper, Tuesday evening on the college diamond.

Randy Snyder, Towne first sacker, led off the second inning with an infield safety which spoiled Asper's near perfect no-hitter. In the fourth frame the Towne got a man on base via an infield miscue but was soon retired on a snappy fielder's choice and the next man was caught stealing.

The Vets tallied three runs in the bottom of the first on a walk to Shoemaker and Asper, John Gastley's double and a single by Shields. The Towne also committed a pair of errors in the first.

The winners added two more scores in the second when, with two outs, an infield miscue put Coldsmith on first, Shoemaker doubled and Harry Hartzell lined a single to right-center. The VFW was held scoreless until the fifth when they crossed the plate with their final three scores. Five walks and singles by Hartzell and Asper accounted for the runs.

Bill Solomon started on the mound but needed help from Duane Runk in the fifth. Harry Hartzell paced the winners attack with a pair of safeties.

Tonight at 6 o'clock the Swope's Aero and VFW will tangle for the playoff championship on the college diamond. A large crowd is expected to witness the contest pitting the first and second place teams in the regular season competition.

## Fairfield Little League

Barry Reecher turned in a fine exhibition of pitching as he tossed his Cardinals to a one-hit 14-1 win over the Pirates in a Fairfield Little League contest Tuesday evening.

Reecher allowed one hit, a single by Greg Wertz in the fourth inning. The safety by Wertz scored Dick, who got on base via an error.

Barry Fitz was the hitting star of the game as he belted two tremendous home runs. Fitz knock the first blow over the fence in the second frame with the bases empty. His second four bagger came in the third with two mates aboard. Paul Martin also contributed the winners' cause with a two-run homer in the fourth.

Weikert started for the Pirates, but was relieved in the first inning by Don Dick, who finished the game.

## Church Slow Pitch

The Methodist slow pitch softball team finished the season in a blaze of glory, not only because they won their final game of the year, but because they broke a 26-game winning streak and handed the 50-50 Class their first loss, beating the league champs 8-4 Tuesday evening.

The 50-50 Class, over two years, had racked up 26 straight wins, a well established record in the Church Slow Pitch League.

Feather tossed for the winners backed by the powerful hitting of Dayhoff and Grosholtz, who each collected a trio of hits. Methodist put the game on ice in the third inning when they tallied five times to take a 6-2 lead.

With the regular season over, recreation director Chet Hilger has announced that the playoffs will begin on Monday evening with a double elimination tourney.

On Monday at 8:15 p.m. the Methodist will tangle with the First Baptist. On Tuesday at 7:15 p.m. 50-50 Class and Four Square Gospel will clash while on Wednesday, St. Francis will play the winner of Monday's game. Thursday there will be a single game pitting the loser of Tuesday's game against the loser of Wednesday's game.

**Upper Adams Little League**  
The three leading teams in the Upper Adams Little League added victories to their win column Tuesday evening.

The Pirates scored heavily in the last three innings to take a 15-7 decision from the Phillies. Schultz and Shank tossed for the winners with James behind the plate. Weaver started for the Phillies but needed help from Taylor late in the game. Sunberry was the Phillies' catcher.

At Bendersville, the Cardinals maintained their league lead by downing the Braves 8-2 behind the no-hit pitching of Bruce Hartman. The young hurler sailed through the game striking out 12 batters and did not give up a single hit. Walks did account for the two Brave runs. The contest was called after five innings due to darkness.

The Yankees remained a half game in back of the Cardinals as they defeated the Red Sox 9-2 at Biglerville. Jim Taylor struck out 11 men to contribute to the Yankees' win. The winners had to come from behind in the last two frames to take the victory. They tallied three times in the fourth and five in the fifth.

Arendtsville continued their climb to one of their most successful seasons in the South Penn Baseball League as they edged Harney 6-5, Tuesday evening at Harney. Schultz tossed the first six innings for the winners but needed help from Pitzer in the seventh. Bushman was behind the plate. Dougherty and Solomon formed the battery for the Harney outfit. Schultz paced the hitting attack for the winners belting out a pair of safeties.

In the second make-up game of the evening, Bonneville moved into a tie for sixth place by taking a 5-1 decision from Hunterstown on the New Oxford diamond.

Reecher and Duttner were the battery for Hunterstown while Sneeringer tossed the win for Bonneville with Orndorff doing the receiving.

BRAVES SPLIT  
WITH REDS AS  
PHILLIES WIN  
OVER PIRATES

By JOE REICHLER  
Associated Press Sports Writer  
If Milwaukee doesn't win the pennant this year, blame it on the Cincinnati Reds.

The Braves whipped the Reds 18 out of 22 in 1957 and won the championship by eight games. Last year, Milwaukee took 17 out of 22 from the Reds and again won by eight games.

It's a little different this year. Including Tuesday night's split of a doubleheader, the Braves have been able to win only six of the 14 games played with the Reds. Hence they're in third place today, 3½ games behind the league leading San Francisco Giants.

**Came From Behind**  
The Braves had to come from behind to win the second game 7-3 after Cincinnati had won the opener 4-3. The Giants needed 10 innings to defeat the St. Louis Cardinals, 5-4, and widened their lead to three games over second place Los Angeles, beaten 5-4 by the Chicago Cubs in 10 innings.

Philadelphia dropped Pittsburgh into a fourth place tie with the Cubs by defeating the Pirates 6-4.

After beating Warren Spahn for the fourth time this season, the Reds almost duplicated the feat against Lew Burdette, another old time Cincinnati tormentor, in the second game. They led 3-1 but Joe Adcock slammed his second homer of the day and Billy Bruton followed with another four-bagger to give Burdette his 16th triumph.

**Cards Beat Antonelli**  
Home runs by Gus Bell and Frank Robinson accounted for Spahn's 11th defeat in the opener.

Willie Kirkland drove in four runs to account for all but one of the Giants' runs as they swept the two-game series from St. Louis. Kirkland smashed a three-run homer, his 19th, in the first inning, and drove in the winning run with a single in the 10th.

Lindy McDaniel was the victim. Johnny Antonelli lost his bid for victory No. 17 when the Cards scored two in the ninth to tie the score. Stu Miller, in relief, picked up his second victory in two nights.

**Phils Beat Friend**  
Tenth inning home runs by Alvin Dark and Tony Taylor offset a run scored by Los Angeles in the top of the inning and gave relief pitcher Bill Henry his seventh triumph.

Gene Freese drove in two runs with his 16th home run and a single to hand Bob Friend his 15th defeat. Harry Anderson hit a two-run homer for the winners to help Don Cardwell notch his sixth triumph.

Art Schult, first baseman whom the Chicago Cubs purchased from Minneapolis, was born in Brooklyn 31 years ago.

Eckenrode dunked 14 points for the winners followed by Frantz's 11. Mott tallied 11 for the Knights. The Golden Eagles ripped the cords for 28 tallies in the first half to take an easy 17-point lead.

The Whitewashers managed to wind up the season in a tie for second place as they edged the Bolts 32-28 in the second game. Hardy Nichols was top scorer for the winners with 12 counters while Coldsmith landed 11. Benner paced the Bolts' scoring with 13 tallies.

FAVOR COLTS  
IN ALL-STAR  
TILT FRIDAY

By JOE MOOSHIL  
Associated Press Sports Writer  
CHICAGO AP—Get ready, set and throw. That's the pattern the College All-Stars will employ against the Baltimore Colts Friday night in Soldier Field.

If it is successful, the collegians could upset the champions of the National Football League. But the odds makers call Baltimore a two-to-three touchdown favorite.

Only one thing is certain. The All-Stars will not gain yardage by trying to run through the pro line.

Last year, the Stars defeated Detroit, 35-19. Yet, they netted an unbelievable three yards rushing. But their passing, with Jim Ninowski throwing and Bobby Mitchell on the receiving end, clicked and that was the story.

Head coach Otto Graham who masterminded the victory over the Lions, has not revealed who he'll start at quarterback. He has some dandies from which to choose.

There's Lee Grosscup of Utah. Washington State's Bobby Newman, Michigan's Bob Ptacek and Baylor's Buddy Humphrey.

**Have Beaten Bears**  
In a scrimmage last week, the Stars defeated the Chicago Bears, 7-6. Grosscup engineered the touchdown drive and topped it off with a 33-yard pass to Buddy Dial of Rice. Lee kept the 99-yard march alive with several key completions.

And the Bears, like the Colts, are no slouches on defense. But aside from defense, Baltimore has speed, size and power plus the wonderful passing of Johnny Unitas. The Colts could become one of the greatest pro teams ever assembled.

## Suggests Some Things "K" Should See On U.S. Tour

By HAL BOYLE

NEW YORK (AP)—Every adult American seems to have his own ideas about what we ought to show Soviet Premier Nikita Khrushchev during his visit next month.

Some would brusquely show him the door. Some would sweep the dirt under the rug and let him see only the parlor—first counting the silver, of course.

But, perhaps, surprisingly, a majority of letter writers to the newspapers on this topic favor showing the Soviet leader the great American house from top to bottom—not only the spotless kitchen and living room, but also the debris in the attic and the leaky corner in the basement.

### An Honest Wish

They want him to see us with our best foot forward, true, but they also have a ruggedly honest wish that he see the bad about us as well as the good—the defects we know we have and have

not yet corrected. Behind this attitude lies a wholesome and sturdy desire to prove to Khrushchev—or any one else who comes along—that, above all, Americans aren't hypocrites.

What could you show him that would give him a real feeling about America?

Here are stops on one man's ideal Baedeker for Nikita:

The New York Stock Exchange. No Soviet leader's life is complete without a visit to Wall Street.

A Sunday drive through any neat suburban town anywhere in America, just as the churches are letting out.

A big annual family reunion picnic at any small farm in the Midwest or South. He could count the cars.

## SENATE TO TRY TO OVERRIDE

WASHINGTON (AP)—The Senate takes a shot today at overriding President Eisenhower's veto of the \$1,375,000,000 housing bill with the odds favoring a victory for the Chief Executive.

Senate Republican Leader Everett M. Dirksen (R-Ill.), predicted the Democrats would fall short of the necessary two-thirds and that the vote thus would sustain the President.

Democrats would say only that they expected it to be close.

Even if the Senate votes to override, the House appeared unlikely to do so.

A sudden shift in Democratic strategy Tuesday brought the decision to seek a showdown on the veto before doing anything about passing new housing legislation.

The housing subcommittee voted 5-4 last week not to recommend trying to override the veto. Instead the group wrote a pared-down substitute \$1,050,000,000 bill.

**GASOLINE TAX**—House committee approval was given to administration plans to increase the 5-cents-a-gallon gasoline tax to 6 cents and to triple the annual \$1 driver's license fee. The two measures would yield an additional \$5 million for highway construction in the next two years.

**HOTEL ROOM TAX**—The House Ways and Means Committee sent to the floor a proposal to raise the 3½ per cent tax on hotel room occupancy to 4 per cent.

**SALES TAX**—Sen. William J. Lane (D-Washington) threatened

## Nominated For Provost At Penn

PHILADELPHIA (AP)—Dr. Loren C. Eiseley, world famed anthropologist, has been nominated provost of the University of Pennsylvania.

The announcement Tuesday night is tantamount to election by the trustees with the formalities likely to occur shortly after the start of the new school year.

Dr. Eiseley has been at Penn since 1947 as professor and chairman of the department of anthropology and curator of early man in the university museum.

a filibuster on the sales tax if Republican amendments prove unsatisfactory to him. The 4 per cent levy went back to committee Tuesday for revisions expected to be announced next week.

**STATE HIGHWAY AID**—The House Ways and Means Committee approved legislation to give municipalities an additional 11 million dollars a year in state aid for local road construction. They now receive 30 million a year.

**INJURY BENEFITS**—Committee clearance was given in the House to increase maximum weekly benefits for workmen's compensation and occupational disease from \$37.50 to \$42.50.

**STATION WAGONS**—The House voted, 143-38, to set up a separate license classification for station wagons and charge a \$12-a-year fee for them.

Under the measure sent to the Senate, station wagons would be given "suburban" licenses. At present, those used commercially are registered as trucks with fees ranging from \$16.50 to \$26. Station wagons used as sedans now pay a \$10-a-year license fee.

LONDON (AP)—Prime Minister Harold Macmillan hinted today he may delay the British national election until next spring. It has been expected to fall in the latter half of October.

## BROKER'S SON IS INDICTED

WHITE PLAINS, N.Y. (AP)—The 20-year-old son of a Wall Street broker has been indicted on a first degree murder charge for killing a boy bicyclist with a small truck while trying to scare him. Conviction could mean death in the electric chair for Jonathan McLean Young of Bedford Village, N.Y., a son of John Young. The youth was indicted Tuesday.

Young told police he was driving his pickup truck July 1 when he saw two boys on bicycles ahead of him. He said he headed his truck at them "just to scare them and not to hurt them, but I misjudged the distance."

The two boys were on a camping trip. They were 13-year-old Richard Sullivan and 15-year-old Michael Dill, both of Mount Vernon, N.Y. Dill suffered a brain concussion and has recovered. Young Sullivan died on the way to a hospital. The accident took place on Route 22 in Bedford Village, a New York City suburb.

## Lehigh Wants To Boost Its Fares

WASHINGTON (AP)—The Lehigh Valley Railroad, rebuffed in efforts to abandon its passenger service, now seeks increases in interstate fares ranging up to 60 per cent on those trains it is obliged to keep in operation.

The petition was filed Tuesday with the Interstate Commerce Commission. The carrier said it is filing similar petitions with the state commissions of New York, New Jersey and Pennsylvania.

And on its Hazleton-Lehigh branch line, an intrastate operation regulated by the Pennsylvania Public Utility Commission, the railroad said it is asking a 100 per cent increase in fares.

The Lehigh Valley sought last January to drop its passenger service, claiming it was losing about four million dollars annually on it.

Widowville, on a country road east of Mansfield, Ohio, was so named because so many women, widowed by the Civil War, settled there.

# GRAND OPENING

**Of The Town and Country Gas Service, Inc.**  
**THURS., FRI. and SAT.—AUG. 13, 14 and 15**

1.6 Miles From Gettysburg on Route 34, Biglerville Road, the Former Boyd Schoolhouse

**One Look Inside**  
 will show you why

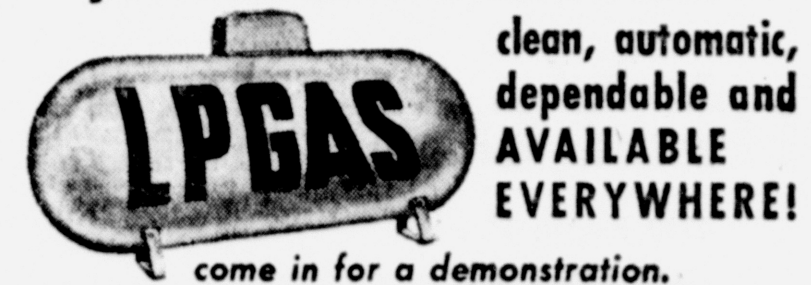

**OUTHEAT—OUTLAST ALL OTHERS!**

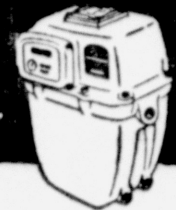

Behind the gleaming, porcelain cabinet, you'll find a patented inner unit that makes traveling floor heat possible. Look at the big, furnace-type blower that drives the air through a battery of inner heat tubes that set right in the heart of the fire! Siegler doesn't wait for the heat to come out... it goes right in after it, then forces it over your floors! Come in and see for yourself why Siegler outheats—outlasts all others!

**you can't beat LP GAS HEAT!**

**HOW YOU BENEFIT FROM METERED LP-GAS SERVICE**

**outlasts all others**

THE ONE glass-lined water heater  
**PROVED**  
 BEST BY CERTIFIED TEST!

You spread the cost of gas service evenly by monthly billings that you can check at will against the meters.

You can have the economy of a lower meter rate for increased usage.

You eliminate forever the problem of running out of gas — the bother of reordering.

See Us for a **ROCKWELL LP-GAS METER**

People everywhere are turning to metered LP-gas service — the modern way to buy LP-gas, the modern fuel for rural America.

We extend a cordial invitation to the public to visit us during our Grand Opening Days, Thursday, Friday and Saturday, August 13, 14 and 15. We offer to the people of Gettysburg and Adams County and vicinity the First Complete Gas Appliance and Service Store for your convenience.

We feature all National Brand

**Ranges Water Heaters Refrigerators**  
**Gas Lights Dryers Disposals**

**Air Conditioning**

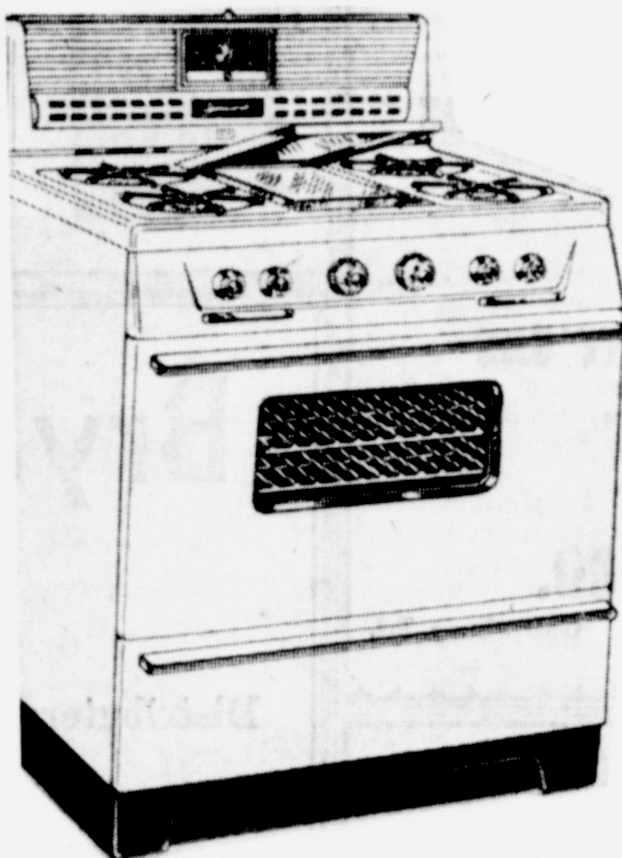

**Heating Appliances of All Types**  
**Central or Room**

**All Appliances for Bottled Gas or**  
**Natural Gas**

We hope you will have the opportunity of seeing us and acquainting yourself with our new service to the public.

**James T. Hays**  
 President

*Gold Star Award*

GAS RANGES FROM

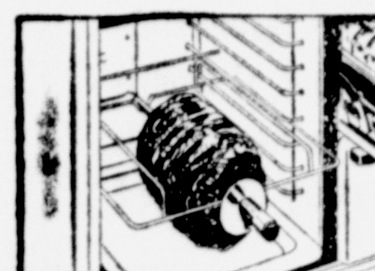

**HARDWICK**

Now! There's a new measure of excellence in gas ranges... the Gold Star Award presented to makers of the "world's finest ranges." Awarded by the American Gas Association, the Gold Star appears only on gas ranges judged to be the ultimate in cooking luxury.

Hardwick ranges, recognized leaders in the field, were presented Gold Star Awards—a citation for their engineering excellence, quality features and finest cooking performance.

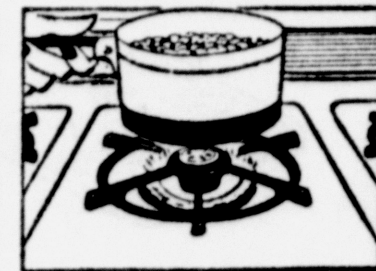

Some of the features you'll see on

## ROAD PROGRAM GETS SETBACK ON HOUSE VOTE

HARRISBURG (AP) — The administration's highway safety program suffered its first big setback Tuesday when a bill to double the \$10 speeding fine fell in the House by one vote.

This action capped a day in which developments affecting motorists crowded the pages of the Legislative Journal like rush-hour traffic.

The House Ways and Means Committee approved a one-cent-a-gallon increase in gasoline taxes, along with a companion measure allocating 11 million dollars of the anticipated increased revenue to local municipalities.

The House Motor Vehicles Committee cleared a \$2-a-year increase in drivers' license fee.

One the House adopted, 143-38, a bill putting all station wagons in a special classification with an annual registration fee of \$12 — \$2 more than for ordinary passenger vehicles.

The speeding fine increase fell, 105-81, as Rep. Edwin D. Eshleman (R-Lancaster) switched his vote and went against the bill. He and four other Republicans had

voted for the measure in the first rollcall.

But just as Rep. Stephen McCann, Democratic floor leader, had rallied a handful of Democratic holdouts into line, Eshleman switched. He later explained he did so because of the overwhelming opposition to the plan among Republicans.

Passage requires 106 votes. On July 22, the bill failed, 96-87. Under the House Rules, a bill twice-defeated cannot be reconsidered a third time. The rules can be waived but this is a seldom-used procedure.

The gasoline tax increase, facing a rough fight, and the license fee increase figure prominently in Highways Secretary Park H. Martin's building plans for the 1959-61 biennium. They would produce an estimated 85 million dollars, most of which would go for state-financed or state-federal, 50-50 programs.

The license fee increase was written into a bill putting license renewals on a two-year, instead of the present annual, basis. The administration's own license fee increase bill was scrapped in favor of this one.

## LABOR BILL CHANCES ARE CALLED 'DIM'

WASHINGTON (AP) — A group of Democrats pushed today the argument that House passage of a labor control bill backed by President Eisenhower might kill chances of any labor legislation this session.

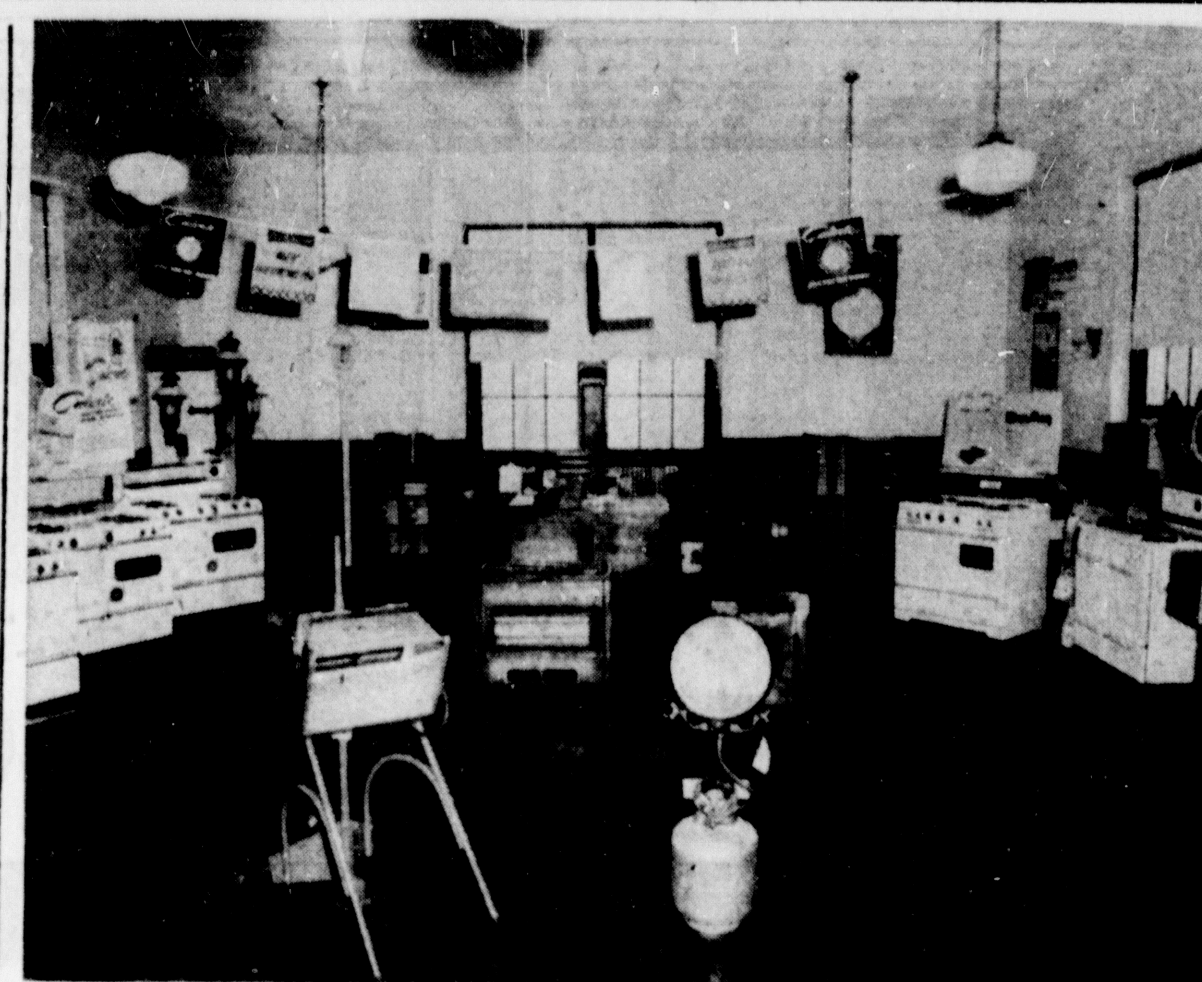

They sought to support that argument by producing a letter from Robert F. Kennedy chief counsel of the Senate probers. The letter to Rep. Lee Metcalf (D-Mont) repeated the argument already voiced by Kennedy's brother, Sen. Robert F. Kennedy (D-Mass) author of a Senate-passed bill on the subject.

While the House argued the respective merits of three differing bills on the subject, backers of each worked to line up support in advance of the voting, expected to start Thursday. A tight vote was forecast.

### Suggest Deadlock

Kennedy wrote Metcalf the Democratic-backed Labor Committee bill would "carry out all the recommendations" of the Senate group headed by Sen. John L. McClellan (D-Ark).

At the same time, he said passage of the Eisenhower-backed bill

Outside it is an old one-room school building but inside there is this display of the most modern in gas appliances, products sold and serviced by Town and Country Gas Service. Open house is scheduled at this new office and showroom on the Gettysburg-Biglerville Road Thursday through Saturday, 1 to 10 p.m.

sponsored by Reps. Phil M. Landrum (D-Ga) and Robert P. Griffin (R-Mich) could provoke a Senate-House deadlock that would result in no bill being passed.

Backers of the Landrum-Griffin bill were counting on holding 135 of the 153 Republicans and possibly 80 Southern and Midwestern Democrats.

Both sides were of the opinion that 213 or 215 House votes would win. A majority of the 435 House members is 218, but vacancies and absentees are expected to reduce total voting strength somewhat.

ROME (AP)—Deaths in the icy peaks and crags of the Alps are mounting at a tragic pace.

Barely 10 weeks after the annual rush to climb Europe's most challenging mountains got under way, an Associated Press survey of five countries showed at least 148 climbers killed.

## York Team Winner In Stock Judging

UNIVERSITY PARK, Pa. (AP) — A York team defended its statewide livestock judging title successfully Tuesday at the 35th annual 4-H Club Week program here.

By winning their second title in as many years, the team became eligible to compete in the International Livestock Show's junior livestock judging contest at Chicago in November.

The swine judging contest was won by a team from Lycoming County.

Sylvia Salinschick, Monaca; Leonard McChesney, Blairsville; Robert Barr, Port Matilda; Dorothy Fisher, Franklin; Larry Petty, Clarks Summit; Ellen Woodruff, Elysburg; Edwin Espenshade, Elizabethtown; and Joyce Ann Schultz, Easton, were named to plan next year's program.

## COMPROMISE ON RIVER WORK

Associated Press Special Service

WASHINGTON (AP) — A compromise \$1,200,000,000 bill for construction and planning of water projects in the fiscal year that started July 1 has been agreed upon by a House-Senate Conference Committee.

Exact totals were not immediately available. Sens. Carl Hayden (D-Ariz) and Allen J. Ellender (D-La) said Tuesday, however, that the compromise figure is about 25 million dollars over President Eisenhower's budget recommendations.

Eisenhower originally recommended \$1,176,677,000 for the work. The House voted \$1,177,177,000 and the Senate \$1,256,836,300.

The conference thus cut back the Senate total by about 55 million

dollars. The House-Senate Conference Committee Tuesday retained the \$95,000 planning item and added a \$500,000 sum for construction. The Senate previously had not provided for any money for construction.

## FBI CAPTURES ONE ON LIST OF MOST WANTED

BUFFALO, N.Y. (AP) — FBI agents knocked on the door of a motel early today. A man opened it and the agents caught one of their 10 most wanted men in the shower.

They arrested James Francis Jenkins, 38, an accused bank robber who had chopped his way out of a cell in a Philadelphia jail last April 30 with a screwdriver. Jenkins had been awaiting trial on bank robbery charges. He was indicted for taking part in the \$17,730 holdup of a Broomall, Pa., bank on March 4.

The FBI agents who made the arrest would not reveal how they were led to Jenkins. But tips from several citizens in Buffalo played a major role, Assistant Special Agent Karl Brouse said. He would not elaborate.

The agents used a pretext to gain entrance to the motel room, they said. Again, they would not say what the pretext was.

When they got inside, Jenkins was in the shower. Another man, Henry Kiter Jr., 27, of the Philadelphia area, had been watching television.

Jenkins was to be arraigned later in the day on a charge of escaping from federal custody. Kiter was charged with helping a federal prisoner escape.

The best kind of salesmanship is in filling needs.

## 135 Attend 26th Slaybaugh Reunion

Approximately 135 persons attended the 26th annual Slaybaugh reunion at the South Mountain Fairgrounds, Arendtsville, August 2. Nelson E. Slaybaugh, New Cumberland, president, presided. The address of welcome was given by Miss Joyce Starry, New Oxford R. 2.

Mr. and Mrs. Albert Slaybaugh, Aspers R. 1, were recognized as the longest married couple, 56 years. Most recently married couple were Mr. and Mrs. Gene A. Starry, East Berlin. Persons traveling the longest distance were Mr. and Mrs. Earl Slaybaugh and family, Towson, Md. The largest family present was that of Mr. and Mrs. Albert Slaybaugh with 37. The boy and girl between the ages of six and 14 with the longest Sunday School attendance record were Beverly and Stanley Spertzel, Idaville. Both attend St. John's Lutheran Church, Hampton.

Officers elected for 1960 are Nelson E. Slaybaugh, president; Walter Slaybaugh, Biglerville, vice president; Earl Slaybaugh, treasurer; Joyce Starry, New Oxford R. 2, secretary; Mrs. Keith Rex, Aspers, assistant; J. Faber Wildasin, Abbotstown, song leader, and Mrs. G. Marion Stambaugh, Gettysburg, historian.

Next year's reunion will be held the first Sunday in August at the South Mountain Fairgrounds.

Two regulars, All-America Jerry West and Willie Akers, will return next season from West Virginia's 1959 NCAA basketball tournament runnerup team.

This fleet of trucks insures customers of Town and Country Gas Service, Gettysburg R. 3, continuing gas supplies through tank exchange or bulk delivery.

## "OPEN HOUSE"

(Continued From Page 1)

managing the business acquired April 1 from Lower's Gas Service. Town and Country has been serving patrons in Adams County for the past 25 years. In absorbing the Lower business, it has added about 1,200 additional customers in the county.

### Bulk Delivery

Bottled gas has been a growing business and with its growth, it has been able to reduce its handling costs to the point where it provides an economical source of fuel—a type of energy which is becoming increasingly useful as research leads to development of more and better ways in which it can be of service.

Improved techniques have changed the industry in many ways. One change is the trend away from the bottle exchange method of delivery to bulk delivery. An increasing number of Town and Country customers receive bulk deliveries and a bulk delivery truck has been added to the Gettysburg R. 3 facility to accommodate these customers.

To expedite deliveries, two-way radio will be added later this month to add delivery trucks of the company.

### Other Streamlining

Modernization is evident too in the Town and Country's record systems. A Remington Rand SUIAP system has been installed to handle accounts and a system for dispatching route trucks has been secured from the same firm.

## Medicine Woman Killed By Machete

MANILA (AP)—Flaviano Curitao said he dreamed that his ailing son could only be cured by a 75-year-old medicine woman in a small town in remote, rugged Zambales Province, west of Manila.

Curitao said he went to the woman for help but she refused. Angered, the man grabbed a machete and hacked the woman and three others in her house to death.

The business bought from Lower's has its headquarters in the former Boyd School. The school itself has been little changed in appearance and Hays says that it is the intention of the company to preserve the building much as it was when it was built about the turn of the century.

The Boyd School site has been the location of a school since before the Civil War. An early school building there burned about the middle of the 19th century. Its replacement was struck by lightning and was likewise destroyed about 60 years ago. The present building, now occupied by Town and Country as office and showroom, was built about 1900.

### Old Pump

The effort to sustain the nostalgia in connection with the building has included repair and restoration of the well and hand pump from which the visitor can today secure his own drink of fresh water.

The interior, decor, too, is being maintained in keeping with the little red schoolhouse, with pictures of George Washington and Abraham Lincoln on the wall and several of the school desks among the furnishings.

But not all is ancient. Inside one will also find some of the modern marvels in gas appliances and devices. The open house show this week will be replete with the latest pieces of gas equipment.

### Miracle Ranges

Among these will be the Hardwick Micro-Ray range. The oven of this range is equipped with a new gas device which bakes with infra-red radiation.

The same type infra-red source can be seen in a portable gas operated heater. This type of heat can be focussed, much as light can, and thus can be directed where needed. Used in an oven, this means that it is not necessary to leak extra heat into the kitchen.

Also designed to add to home comfort is the Arkla-Serve air-conditioning and heating unit which will be on display. Both heating and cooling are accomplished with gas.

### Refrigeration

Gas refrigeration will be represented by RCA-Whirlpool gas refrigerators. Displays for open house will include a wide variety of items, gas water heaters, gas lights and lanterns, gas torches for mechanics' use, home heaters and the new Caloric odorless, smokeless garbage disposer.

Town and Country, in addition to serving the public with LP gas, sells and services all makes of gas appliances. Their equipment installations and services are for business and industry as well as the home.

They offer a complete line of restaurant equipment, fryers, ranges and broilers. Recently they have added ceramic ovens and industrial burners, all served with LP gas.

### Other Uses

The LP gas, propane in this area, is being used on the farm for flame cultivation, brooding and as fuel for tractors. As a motor fuel, propane can also be adapted to trucks and Town and Country's are so operated.

Propane also provides power for industrial vehicles, such as lift trucks and tractors used in manufacturing and warehousing.

Town and Country service men are carefully and thoroughly trained, both in the company's own training program and by manufacturers of gas equipment.

### TEST NEW PLANE

EDWARDS AIR FORCE BASE, Calif. (AP)—The Air Force is starting tests to see if a 16½-ton vertical takeoff airplane will fly.

The X18, the nation's largest experimental vertiplane, was transported here from Moffett Air Force Base after completing 90 per cent of its ground tests.

## 3 NEGROES GIVEN DEATH IN GEORGIA

LA GRANGE, Ga. (AP) — Three Negro men have been sentenced to die in the electric chair for the multiple rape of two young white women during a night of terror near this west Georgia city.

An all-male jury, including one Negro, convicted the Negroes Tuesday night after deliberating nearly five hours.

The jury did not recommend mercy and Superior Court Judge Samuel J. Boykin sentenced the three to be electrocuted at Reidsville State Prison Oct. 2.

### Courtroom Tense

The verdict was read in a tense courtroom closely guarded by State Patrolmen and Georgia Bureau of Investigation agents. The first three rows were cleared and spectators warned against any outbursts.

The three young defendants, George Alford Jr., 18, of Dayton, Ohio; Clifford Johnson, 22, and Brannon Epps, 24, both of La Grange, accepted the sentence with the same stoical expressions they had maintained throughout the two-day trial.

### Nothing To Say

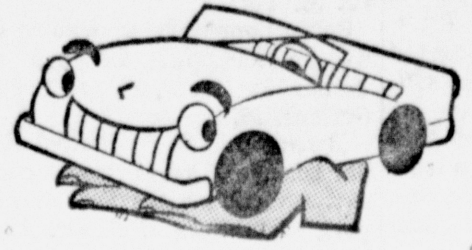

They had nothing to say when then judge offered them an opportunity to speak before passing sentence. He ordered them held in a safe place until they were taken to the state prison.

All three Negroes were charged with raping a 20-year-old married woman during the early morning

hours of Aug. 1. Epps and Alford also were charged with raping the woman's 18-year-old cousin. Georgia law prohibits publication of their names.

Paul Brown, coach of the Cleveland Browns, has a lifetime coaching record of 267 victories, 55 losses and 11 ties.

WASHINGTON (AP) — Theological seminaries "occupy a place second to none in importance for changing this human scene into a Kingdom of God," Bishop Herbert Welch, 96-year-old senior bishop of the Methodist Church, said at the dedication of a new Wesley Theological Seminary building here.

# James MARLOW Reports

The Associated Press

WASHINGTON (AP) — One of 1959's surprises is the way President Eisenhower has asserted himself. He used to press the soft-pedal hard.

Critics complained — some still do — that he didn't do enough leading. But in 1959 he has become increasingly aggressive, particularly on home problems.

In foreign affairs he is still pretty defensive. His actions now, as in the past, are mostly reactions to Soviet actions.

## Four Explanations

There are several explanations for his 1959 performance:

1. He has to rely more on himself. Some key men he brought into government with him, and depended on most, are gone. Notably: Secretary of State John Foster Dulles, who died in May, and Sherman Adams, who quit last September.

2. It's either lead or be led. The Democrats, in overwhelming control of Congress, would run with the ball if he didn't speak out.

3. Time is running out for making good on his early promises, such as budget-balancing and less spending. He has just a little over 17 months left in office.

4. Since the Soviets are pushing, he has to push back. His invitation to Premier Nikita Khrushchev to come here was an effort to avoid or delay a showdown on Berlin.

## Change In Foreign Affairs

Dulles, given free rein by Eisenhower, overshadowed the President in foreign affairs. Yet, by his enormous work, he took a heavy burden of detail of Eisenhower. That's changed now.

Eisenhower doesn't have the same close relationship with Dulles' successor, Christian A. Herter, who has been out of the country, negotiating on Berlin, most of the time since taking office last spring.

Which means: Eisenhower in foreign affairs has had to be much more his own front man. Adams' title — assistant to the President — was a catch — all. He acted like a combination chief of staff, executive vice president, buffer, filter, firefighter and plantation manager for Eisenhower.

He saved the President endless time, chores, problems and decisions in running the government. His successor, Wilton B. Persons, retired major general, seems to have only a shadow of Adams' importance in easing things for Eisenhower.

The result: Eisenhower has been forced into fighting harder — and personally — for what he does and doesn't want.

## In Running Battle

Eisenhower, like any President winding up his last term, was expected to show a waning influence in his last two White House years after the 1958 elections gave the Democrats a huge control in Congress. It hasn't turned out that way.

Time was when Eisenhower pulled back from a fight with Congress, seemed to think it improper for a President to put the heat on House or Senate. Now, all year, he has been in a running battle with the Democrats.

This is especially true in the economic field. In 1952, when he was looking for this job, he pro-

## Hold Baltimore Pair In Holdups

YORK, Pa. (AP) — Two Baltimore men who police say admitted obtaining \$8,000 in cash in a series of holdups were being held in the York City jail today.

State police and city detectives surprised them Monday in an attempted armed robbery at the Motor Loan Service Inc., 44 W. Market St. York.

Police Commissioner William J. Bynane identified the pair as James Hoey Fear, 27, and Robert Gerlach, 26.

Bynane said they admitted similar holdups of loan firms over the past several months in Philadelphia, Harrisburg, Bel Air, Md., and Richmond, Alexandria and Winchester, Va.

misled balanced budgets, less spending, a sound dollar.

Since then he has balanced the budget only twice, living costs are up 10 per cent, and increased government costs ruined his low spending dreams. These frustrations seem to be a goad to him now.

He is trying hard now for the balanced budget. By banging away at the Democrats as "spenders," he has made them very self-conscious about costs. Yet, despite all his efforts in this direction, he has been hit with an irony:

In a recent Gallup Poll the Republicans got less credit for money — saving than the Democrats.

In foreign affairs—although he has had to assert himself more—he has shown no thinking different from the programs and policies laid down years ago.

# SAYS REDS IN CUBA FAILED IN FIRST TRY

Editor's Note—Associated Press Foreign News Analyst William L. Ryan, who was in Cuba when Fidel Castro's rebels punctured Fulgencio Batista's regime last New Year's Day, has just returned for a survey of how the Castro revolution is developing today. In this first of a series of three articles he reports on the status of the Communists in Cuba today.

By WILLIAM L. RYAN  
AP Foreign News Analyst  
HAVANA (AP) — Cuba's Communists have tried—and failed—to set up what they likely would consider an ideal situation for themselves in present circumstances. Banking on unwitting help from the United States, they now await a fresh opportunity.

To the Communists' delight, there has been a basic misconception of what they are up to in Cuba, and this tends to deflect U.S. attention from their immediate aims.

The Communists know—if many in the United States do not—that they are not strong enough to turn the island of Cuba into a Red satellite.

## Seek Caribbean Base

What they seek is a base for Red operations in the Caribbean and Latin America with complete freedom of action and communications. Cuba thus would be ex-

tremely valuable as a lever for creating turmoil all over the area.

The Communists tipped their hands July 17 when Fidel Castro resigned as premier in a maneuver to demonstrate his popularity with the masses.

Within two hours the Communists broadcast an appeal for a "government of national unity," meaning they wanted cabinet representation. They would have settled for one or two ministries and considered the situation ideal at this stage. Castro held them off.

## Organized And Dangerous

Participation in the government would nail down present Red advantages. The Communists have been highly successful, for example, in penetrating the army, and have the comfort of knowing its high command has many dedicated American — haters. Among the most dedicated of these is the commander-in-chief, Maj. Raul Castro, thin-lipped, fanatical 39-year-old brother of the premier.

The Communists have penetrated the ranks of labor organizations. They are organized, disciplined and dangerous.

There are few here who would accuse Castro himself of being Communist. What seems to be happening is that clashes involving North Americans tend to push the regime into the position of standing somewhere between being not antagonistic and being downright sympathetic to the Communist bloc.

The party plays expertly on inferiority complexes of weaker peoples to provoke the defiant attitude of the neglected child kicking its rich uncle in the shins. New revolutions need outside enemies, and "Yankee imperialism" fills the bill.

From the moment he took over, Castro found himself pushed more and more into a defensive posture by criticism from the United States. Only recently has he given any indication he realizes the dangerous position into which the Cuban revolution is being maneuvered.

## Probably 12,000

Inexperience and amateurishness on the part of members of the regime help strengthen the Communists. Numerically they are not as strong today as they were in the early days of Fulgencio Batista's dictatorship, when they got their first real foothold.

At present the card-carrying Communists probably total about 12,000. Of these only a small number can be considered hard core, working for the interests of Moscow as transmitted by Juan Marinello, party president. Recently he

## York Springs

was a glorified guest on a Communist bloc tour.

The Communists seek diligently to create and maintain in Cuba a climate basically hostile to the United States. They may succeed if uninformed and impatient elements in the United States goad Castro's followers into more violent anti-U.S. postures.

Mr. and Mrs. John W. Pearson and their three children visited their aunts, the Misses Hazel and Jean Pearson. John is the son of Raymond Pearson.

Mr. and Mrs. Frank Harlacher, Harrisburg; Mr. and Mrs. Daniel Harlacher and three children, of Ft. Myers, Fla., and Mr. and Mrs. D. B. Harlacher were recent dinner guests of Mr. and Mrs. Harold Fair and daughter. The Daniel Harlachers have been visiting here for three weeks but left Wednesday for Baltimore where they will visit Mrs. Harlacher's parents before returning to Florida.

The Rev. and Mrs. Grants Hoopert, Sunbury, are visiting

Mrs. Hoopert's mother, Mrs. James Decker, and son.

Mr. and Mrs. Clair Ditzler and daughter, Diane, have returned home from a week's trip through the New England States and Canada. Mrs. William Leer, Mr. and Mrs. Guy Bream and Mr. and Mrs. Clyde were among the group who also made the trip by Wolf's bus.

The York Springs Methodist Sunday School picnic was postponed on Saturday due to the rain. It will be held next Saturday. Basket lunch is to be served at 12 o'clock. Games and contests will follow. In case of rain the picnic will be cancelled for this year.

## YANKEES WIN 6TH STRAIGHT; BEAT BOSTON

**By JOE REICHLER**  
**Associated Press Sports Writer**  
Are the New York Yankees finally making a pennant push or is it merely a salary drive? Whatever it is, the defending champions are playing their best ball of the season. Tuesday's 8-5 victory over Boston was their sixth straight, best winning streak of the year.

New York moved to within 10 games of the Chicago White Sox who were beaten 6-1 by Detroit while Kansas City was defeating Cleveland's second place Indians 7-3. Baltimore and Washington were not scheduled.

**Tigers Beat Chisox**

A six-run inning was the clincher for the Yankees. Two-run doubles by Tony Kubek and Hector Lopez, a couple of Boston errors and a wild pitch featured the wild inning that gave Duke Maas his 11th triumph and Jerry Casale his

eight defeat. Al Kaline's three-run homer in the first was all Jim Bunning needed to notch his 10th victory for Detroit as he held the White Sox to eight hits.

The defeat was charged to Billy Pierce, his 12th against as many victories.

Bud Daley became the first Athletic pitcher to win 13 games in the team's five year history in Kansas City. The left-hander permitted nine hits including homers to Minnie Minoso and Rocky Colavito in the sixth when the Indians scored all their runs. It was Colavito's 34th of the year, placing him one behind league leader Harmon Killebrew of Washington. A five-run spree against Jim Grant in the first made it easy for Daley.

Kansas City's big inning was featured by Bill Tuttle's leadoff triple, Russ Snyder's double and singles by Hal Smith and Wayne Terwilliger.

**LATROBE, Pa. (AP)**—The touring Panama Canal Zone stars defeated the Latrobe Teener League All Stars, 6-3, Tuesday night.

R. Bettis pitched a two-hit shut-out until the seventh inning when a pair of singles, an error and a triple by Jim Ruffner scored three

## EAGLES' SHAW DETERMINED TO IMPROVE

**By RALPH BERNSTEIN**  
**Associated Press Sports Writer**  
HERSHEY, Pa. (AP) — Strong running, excellent passing, improved defense, inexperienced offensive line is the early training report on the 1959 Philadelphia Eagles.

The only thing Coach Lawrence Timothy (Buck) Shaw is certain of as his Birds await the opening of the exhibition season is that things can't be worse than they were during the 1958 National Football League campaign.

Shaw says he won't tolerate "the stupid mistakes, blackouts in crucial situations" that made the 1958 season the most disappointing in his 35-year coaching career. "We'll keep one team coming,

one team going and one team playing, if necessary," he told the mixture of veterans and rookies when they opened camp three weeks ago.

Shaw isn't deluding himself with the thought of winning any championship, but he expects the Eagles to play 500 ball. The club won 2, lost 9 and tied 1 last year.

Shaw lists his main problems as inexperience on the offensive line and defensive tertiary and the lack of a breakaway runner.

The line problem was created by the resignation of three of last year's starters — Harold Bradley, Ken Huxford, and Lum Snyder. Len Szafaryn resigned, and Galen Laack was killed in an automobile accident.

The offensive backfield is loaded. Quarterback Norm Van Brocklin, one of the league all-time great passers, is back for his 11th year of action.

The defense is headed by such veterans as Jerry Norton and Lee Riley at safety spots, Bob Pellegrini and Chuck Weber linebackers, and Tom Brookshier, recovered from a series of crippling 1958 injuries.

## HOPES ARE HIGH FOR DODGERS

**By CHARLES CHAMBERLAIN**

**Associated Press Sports Writer**

CHICAGO (AP) — "If our pitching doesn't cool off we can go all the way."

That is Manager Walt Alston's appraisal of his Los Angeles Dodgers' pennant chances.

The Dodgers, in second place in the sizzling race, launched a 17-game road trip Tuesday by losing 5-4 to the Chicago Cubs in 10 innings.

Home run balls were served by Clem Labine to Al Dark and Tony Taylor in the 10th to provide the Cubs with victory.

"But our pitching is going pretty hot," said Alston. "We have some 'ifs,' just like the other contenders. Johnny Podres (9-7) has had his ups and downs with a back injury. He didn't look too bad in going the first six innings Tuesday, giving up six hits and striking out four.

In the Dodgers last nine games, their pitchers have fanned 83 batters, raising the staff's league-leading total to 750.

Alston will go with his kingpin, Don Drysdale (15-6) in today's game with the Cubs.

**By THE ASSOCIATED PRESS**

Batting — Willie Kirkland, Giants, slammed a three-run homer in the first inning and singled home the winning run in the 10th as the Giants defeated St. Louis 5-4.

Denver 8, Houston 3; Louisville 3, Charleston 2; Indianapolis 4, Omaha 1.

**HERSHEY, Pa. (AP)**—Rookies

Theron Sapp of Georgia and Art Powell of San Jose State continue to look impressive in the Philadelphia Eagles' training camp.

Pitching — Bud Daley, Athletics, became the five Athletic pitcher in their five-year history at Kansas City to win 13 games when he defeated Cleveland 7-3 on a nine-hitter.

The pair sparked a 70-minute scrimmage on Monday as the Eagles prepared for a National Football League exhibition game against the New York Giants Saturday night at Hershey Stadium.

But overall Coach Buck Shaw termed the scrimmage "quite a bit shoddy both on offense and defense."

## URGE TAX ON CLOTHING TO HELP SCHOOLS

HARRISBURG (AP)—The Pennsylvania Assn. of Chief School Administrators today endorsed a plan to impose a 3 per cent sales tax on clothing to ease the financial plight of the state's schools.

It was the first major support given to the measure designed to raise 90 million dollars in the next two years. Rep. Albert E. Strauser (R—Columbia) is its sponsor.

"We appeal to you as our state leaders to meet the schools' financial crisis by bipartisan support of an adequate tax program," said the association through its legislative chairman, Don Thompson, of Albion.

**PSEA Silent**

The 3 percent clothing sales tax is a major step toward this goal which we will support and believe the citizens will approve for the welfare of their children," Thompson added.

The Pennsylvania State School Directors Assn. and the Pennsylvania State Education Assn. remained silent on the endorsement.

Reps. Stephen McCann and Albert W. Johnson, Democratic and Republican floor leaders, respectively also declined comment.

**Some Money In Sight**

School organizations are backing a plan to give 223 million dollars

in increased state aid to schools in the next two years. Both Republicans and Democrats have described the cost of the legislation as unrealistic.

Under the 4 per cent sales tax plan passed by the House and now in the Senate, an extra 28 millions for state aid to schools is contemplated.

McCann told The Associated Press that a higher figure than that would mean additional taxes. Other legislative developments: GRADUATED INCOME TAX—The House, correcting an oversight, Tuesday night withdrew its approval of a proposed constitutional amendment to impose a graduated income tax of up to 6 per cent in Pennsylvania.

In a standing vote the lower branch amended the measure to assure continuance of real estate tax exemptions given by voters last year to owners of private forest lands.

A bill drafting error excludes the forest land exemptions in the graduated income tax measure passed Monday night. Both provisions are involved in the same section of the State Constitution.

Another vote on the proposal is planned for next week. It would be the first action in a long procedure required to amend the Constitution.

## 8-YEAR-OLD BURGLAR IS CAUGHT IN ACT

BRIDGEPORT, Conn. (AP)—Horace Rideout suspected that his home was being broken into at night. Three times in three weeks, he said, there were things missing when he and his wife woke up. On Monday night, the 32-year-old mason's helper shut off his lights early and sat, silently, in his bedroom. At midnight, the burglar appeared.

Rideout saw a thin arm reach for the unlocked bedroom window and push it open. A small boy crawled in.

Amazed, Rideout scuffled with the child and caught him. The boy managed to cut the man slightly with a letter opener.

**Burglarized Homes**

At the police station Tuesday, the boy told a story of breaking into 11 homes and businesses in the past year. Police said the boy, a Negro, whose name they withheld, is eight years old.

The child explained that he, like most other eight-year-olds, had an appetite for candy and toys. So

## ALL OF PARIS IS AUDITIONED FOR TV SHOW

By CHARLES MERCER

NEW YORK (AP)—The last time I saw Paris, about a month ago, the French were trying to suppress horn-blowing and kindred assaults upon the ear drums—presumably in the hope that Rome would retain its reputation as the noisiest city in Europe.

While Paris remains noisy, it occurred to me on this visit that it offers more interesting noises than any city I know. It was just a passing thought.

Now, it turns out that Maurice Chevalier has been thinking about the sounds of Paris a good deal more intensively than I. In fact, these sounds will have a prominent role in a CBS radio exuberanza, "Holiday with Chevalier," which will be presented Sept. 27 to mark the 30th anniversary of Chevalier's debut on American radio.

**Godfrey To Return**

When Chevalier suggested the noises of Paris as a part of the program to Howard G. Barnes, gram.

### NOAH'S ARK

WILLIAMSBURG, Va. (AP)—Friends jokingly call it Noah's Ark, but Capt. John J. Cappelletti calls it Success II and plans to make a voyage around the world in it after he retires.

The boat is a 30-foot copy of Capt. Joshua Slocum's globe-circling boat, Spray, and was built by Sheverson and Partners on the Isle of Wight.

Cappelletti is the officer in charge of the planetarium at Ft. Eustis, Va., where he teaches a course in celestial navigation.

CBS radio program vice president, Barnes thought it an interesting idea.

After wandering around Paris with a tape recording crew for two days, Barnes says, "I never knew that a city could make so many noises or that they meant so much to everyone who ever has been to Paris, in the flesh or in his fancy. I've conducted some auditions in my time, but this was the first time I ever auditioned a whole city."

Arthur Godfrey will be the star of a full hour special variety show on CBS-TV Sept. 16. It will mark his return to active television duty after an absence of four months. Godfrey now is in Hawaii taping portions of the program.

## CONGRESS TO GO INTO SEPT.

WASHINGTON (AP)—Congress apparently will continue its session into September. The current question is, how far into September?

Senate Democratic Leader Lyndon B. Johnson of Texas said Tuesday Congress will stay on the job until it passes effective legislation on labor, housing, civil rights, highways and pollution control.

Johnson wouldn't set a target date for adjournment but indicated it might take until mid-September to get all this done.

His opposite number, Senate Republican Leader Everett M. Dirksen of Illinois had a different idea. He said he hopes that "late on Saturday, Sept. 5, the members of Congress will decide they have been in Washington long enough and they will go home."

Only three days ago Johnson's right hand man, Assistant Democratic Leader Mike Mansfield of Montana, had still another guess—about Sept. 1.

**AMSTERDAM, Netherlands (AP)**—Dutch police Monday arrested an American classical student accused of stealing \$19,000 from a state liquor store his father manages in Seabrook, N.H.

Emory N. Eaton Jr., 26, was arrested in an Amsterdam hotel as an undesirable alien after police were informed of press reports on the alleged theft.

In Concord, N.H., Deputy Atty. Gen. Warren Waters said his government would seek Eaton's extradition.

Eaton arrived in Amsterdam Wednesday by plane from the United States.
